

West Bend-Mallard School Computer, Network, and Internet Permission Form

Students, grades 5th – 12th will be required to take their computers home every night and charge them.
We will have a limited number of chargers at school for low or dead batteries that were beyond the student's control.
Students in Kindergarten – 4th grade will keep their devices in their classroom.

As part of the school's educational program we offer students supervised access to the school's computers, network, and the Internet. Before being allowed to use the school's computers, network, and the Internet, all students and their parents must sign and return this form as evidence of your approval and their acceptance of the school rules on this matter.

Access to the Internet will enable students to explore thousands of libraries, educational sites, and bulletin boards while exchanging messages with other Internet users throughout the world. Families should be warned that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate or potentially offensive to some people.
